A BRIEF NOTE ON THE ORGANISERS

Manonmaniam Sundaranar University: Manonmaniam Sundaranar University (MSU) is a dynamic institution of higher learning, set in a rural milieu of southern Tamil Nadu, with a campus spread of 550 acres. The University is situated at Abishekapatti, 9 kms from Tirunelveli Junction. A judicious blend of functional and aesthetic features distinguishes the campus buildings. The University was established by the Government of Tamil Nadu as a teaching-cum-affiliating University on 7th September, 1990 to cater to the long-felt needs of the people of the four southern most districts of Tamil Nadu viz., Tirunelveli, Tenkasi, Tuticorin, and Kanyakumari. It is named after the renowned Tamil Poet scholar, Professor P. Sundaram Pillai (1855-1897), the author of the famous verse drama Manonmaniam. It is his poem that has become "Tamil Thaaivazhthu" the official invocation song sung in all functions in Tamilnadu. The University, sensitive to the complex and diverse needs of the times, has evolved many innovative programmes. Research and extension activities are not pursued for its own sake, but are directed towards enriching the social matrix to help build better human beings and better tomorrow. Adequate infrastructure facilities and the peaceful campus atmosphere are conducive to the students to pursue their academic endeavours in an excellent manner. The University was re-accredited with 'A' by the NAAC and it has 27 Departments, 101 affiliated colleges and 6 constituent Mano colleges under it.

About Department of Education, MSU: The Department, established in 2006 has successfully marched 17 years with a vision towards promoting excellence in teacher education and to create a humane and knowledge society. The vibrancy of the Department has enabled it to cross roads and to uphold the values of honesty and integrity to identify and support quality teacher educators from the rural milieu of southern districts. Department focuses equal attention on Teaching, Research and Extension activities and to facilitate holistic development of prospective teacher educators via MEd and PhD programmes. The Department provides avenues to interact with experts of various disciplines from India and Abroad. The professional enrichment is channelized providing ample opportunities and exposure for development of skill in academic writing, presenting, and publication. The value-oriented environment stimulates creativity to become service-oriented teachers and teacher educators. The curriculum imbedded with learning experience has so far motivated and equipped more than 150 students with the skills to crack the eligibility and competitive examinations.

Voice of Teachers: Teachers are the sculptors. They are vitally responsible for carving and shaping the life of pupils who are the gifts of the nation. In this great mission, teachers should not only teach them their regular subjects but also instill into them high skills and high values so as to make their wards efficient and proficient citizens to the nation. Hence, they must raise their voice against social injustice and inequality and sacrifice their lives for the benefit of the peaceful life of the global community. Hence is the birth of Voice of Teachers.

Concept Note of the Conference: The well-being of every human being is very essential in today's world as their life is packed up with challenges, issues, struggles and confrontations. Therefore, being flexible and having a positive outlook on life is crucial. It is the need of the hour that everyone should possess physical, mental, intellectual, emotional, social, spiritual, environmental, occupational, digital, financial and psychological wellness. It is vital for every individual to establish and maintain positive relationships with family, friends and co-workers; to acknowledge and share feelings of anger, fear, sadness or stress; hope, love, joy and happiness in a productive manner; to develop congruency between values and actions and to realize a common purpose that binds creation together; to recognize everyone's own responsibility for the quality of the air, the water and the land that surrounds them; to get personal fulfillment from his/her job or chosen career fields while still maintaining balance in his/her lives; to open one's minds to new ideas and experiences that can be applied to personal decisions, group interaction and community betterment; and to maintain a healthy quality of life that allows everyone to get through their daily activities without undue fatigue or physical stress.

Objectives of the Conference:

The conference will enable the participants:

- to be confident and self-reliant, and to make strong attachments and develop warm and supportive relationships with family, friends and elders in out-of-home settings;
- to be aware of their own feelings, and understand that others may have different feelings and respect themselves, others and the environment;
- to make decisions and choices about their own learning and development; and to have psychological, physical, and social wellbeing;
- to gain increasing control and co-ordination of body movements;
- to make healthy choices and demonstrate positive attitudes to nutrition, hygiene, exercise, and routine; and
- to think positively, take learning risks, and become resilient and resourceful when things go wrong know that life has a meaning and purpose and to be active citizens.
