A BRIEF NOTE ON THE ORGANISERS

Vivekananda College: It established in July 1965 by the Vivekananda Educational Society, Agasteeswaram, and affiliated to Manonmaniam Sundaranar University, Tirunelveli, is a co-educational institution offering a wide range of aided and self-financing UG, PG, and Ph.D. programmes. With a strong team of qualified teaching and non-teaching staff, including many doctorate holders and research guides, the college has earned a reputation for academic excellence, reflected in consistent university ranks. The institution supports students through scholarships, seminars, conferences, a well-equipped library with N-LIST access, and opportunities in sports, co-curricular and extension activities such as NSS, NCC, YRC, and all within a serene campus that fosters holistic rural development.

Voice of Teachers: Teachers are the sculptors. They are vitally responsible for carving and shaping the life of pupils who are the gifts of the nation. In this great mission, teachers should not only teach them their regular subjects but also instill into them high skills and high values so as to make their wards efficient and proficient citizens to the nation. Hence, they must raise their voice against social injustice and inequality and sacrifice their lives for the benefit of the peaceful life of the global community. Hence is the birth of Voice of Teachers.

Collaborators : This International Conference is organised in collaboration with Vivekananda College of Education, Agasteeswaram, Kanniyakumari, Bethlehem College of Education, Karungal, PET College of Education, Valliyoor, International Multidisciplinary Research Forum, Nagercoil, EduReflector, a peer reviewed and refereed multidisciplinary journal, Nagercoil and EduSpark/Sparkling International Multidisciplinary journal, Nagercoil, Tamil Nadu.

Conference Background & Need : The theme “SDGs: Transforming Our World through Multidisciplinary Approaches” highlights the need for integrating knowledge from diverse disciplines to effectively address complex global challenges such as poverty, climate change, health, education, and inequality. No single field can achieve the Sustainable Development Goals in isolation; rather, collaborative efforts involving science, technology, social sciences, economics, education, and policy are essential. A multidisciplinary approach fosters innovative solutions, informed decision-making, and inclusive development, ensuring that progress is sustainable, equitable, and responsive to real-world needs. By encouraging cross-sectoral cooperation and holistic thinking, this approach plays a vital role in achieving the SDGs and creating a resilient and sustainable future for all.

The papers are expected from...

- Quality Education and Lifelong Learning for Sustainable Development
- Climate Action, Environmental Sustainability and Green Technologies
- Health, Well-being and Inclusive Healthcare Systems
- Poverty Alleviation, Social Justice and Inclusive Growth
- Gender Equality and Women Empowerment in Achieving SDGs
- Innovation, Entrepreneurship and Sustainable Economic Development
- Digital Transformation, AI and Smart Solutions for SDGs
- Sustainable Cities, Urban Planning and Infrastructure Development
- Biodiversity Conservation and Responsible Use of Natural Resources
- Peace, Governance and Institutional Strengthening for Sustainability
- Role of Youth, Community Engagement and Social Responsibility
- Interdisciplinary Research and Policy Integration for SDG Implementation
- Ethics, Values and Cultural Perspectives in Sustainable Development
- Public-Private Partnerships and Global Collaboration for SDGs
- Inclusive Education, Disability Studies and Equity in Development
